Avantgarde XXL 2

The Avantgarde XXL 2 was developed to meet the needs of tall, heavier people, and its strengths include outstanding stability combined with easy operation. The robust base structure offers high reliability in any situation. The choice of high-quality materials keeps the net weight as low as possible.

- User weight up to 180 kg
- Reinforced aluminium tube frame
- Reinforced hollow rims
- Segmented, angle-adjustable foot support with aluminium foot plates
